

QuickAiPrompt

1,000 ChatGPT Secret Codes

50 categories | 20 shortcut prompts per category | Expanded edition

Usage: type a code, followed by your request or content. Example: `/write-humanize [paste text]`

Category coverage: Writing & Editing • Explanation Levels • Summaries & Extraction • Formatting & Output • Learning & Study • Brainstorming & Ideas • Analysis & Critical Thinking • Decision Making • Systems Thinking • Research • Data Analysis • Coding • Web Development • Accessibility • SEO • Marketing • Social Media • Blogging & Content • Email • Business Strategy • Sales • Customer Service • Project Management • Product Management • UX & UI Design • Branding • E-commerce • Career • Productivity • Meetings • Presentation • Creative Writing • Video & Script • Podcast & Audio • Translation & Language • Finance Basics • Operations • Human Resources • Training & Facilitation • Legal & Policy Drafting • Cybersecurity Awareness • Healthcare Communication • Travel Planning • Events • Community & Nonprofit • Real Estate Content • Food & Recipes • Personal Development • Prompt Engineering • Utility Commands

No.	Category	Short Code	What It Does
1	Writing & Editing	<code>/write-humanize</code>	Rewrites text to sound natural and human.
2	Writing & Editing	<code>/write-rewrite</code>	Rephrases text while preserving its meaning.
3	Writing & Editing	<code>/write-improve</code>	Improves clarity, flow, and overall quality.
4	Writing & Editing	<code>/write-shorten</code>	Condenses text without losing key information.
5	Writing & Editing	<code>/write-expand</code>	Adds useful detail and supporting context.
6	Writing & Editing	<code>/write-simplify</code>	Uses plain language and shorter sentences.
7	Writing & Editing	<code>/write-formal</code>	Changes text to a professional tone.
8	Writing & Editing	<code>/write-casual</code>	Makes text relaxed and conversational.
9	Writing & Editing	<code>/write-proofread</code>	Corrects grammar, spelling, and punctuation.
10	Writing & Editing	<code>/write-polish</code>	Refines wording for a publication-ready result.
11	Writing & Editing	<code>/write-clarify</code>	Removes ambiguity and sharpens the message.
12	Writing & Editing	<code>/write-structure</code>	Reorganizes content into a logical sequence.
13	Writing & Editing	<code>/write-activevoice</code>	Rewrites passive sentences in active voice.
14	Writing & Editing	<code>/write-concise</code>	Removes repetition and unnecessary words.
15	Writing & Editing	<code>/write-persuade</code>	Makes the message more convincing.
16	Writing & Editing	<code>/write-neutral</code>	Removes bias and emotional wording.
17	Writing & Editing	<code>/write-empathetic</code>	Adds a respectful and understanding tone.
18	Writing & Editing	<code>/write-headline</code>	Generates strong headline options.
19	Writing & Editing	<code>/write-intro</code>	Writes an engaging introduction.
20	Writing & Editing	<code>/write-conclusion</code>	Writes a concise, memorable conclusion.
21	Explanation Levels	<code>/explain-eli5</code>	Explains the topic for a young beginner.

No.	Category	Short Code	What It Does
22	Explanation Levels	<code>/explain-eli10</code>	Explains simply with a little more depth.
23	Explanation Levels	<code>/explain-eli15</code>	Explains at an introductory teen level.
24	Explanation Levels	<code>/explain-college</code>	Explains with college-level rigor.
25	Explanation Levels	<code>/explain-expert</code>	Explains for an experienced practitioner.
26	Explanation Levels	<code>/explain-phd</code>	Explains using advanced technical depth.
27	Explanation Levels	<code>/explain-analogy</code>	Explains through familiar comparisons.
28	Explanation Levels	<code>/explain-examples</code>	Uses practical examples to explain the topic.
29	Explanation Levels	<code>/explain-visual</code>	Explains with a text-based visual model.
30	Explanation Levels	<code>/explain-firstprinciples</code>	Breaks the topic into basic truths.
31	Explanation Levels	<code>/explain-why</code>	Focuses on causes and mechanisms.
32	Explanation Levels	<code>/explain-how</code>	Focuses on how the process works.
33	Explanation Levels	<code>/explain-deepdive</code>	Provides a layered, detailed explanation.
34	Explanation Levels	<code>/explain-overview</code>	Provides a high-level overview.
35	Explanation Levels	<code>/explain-beginner</code>	Creates a beginner-friendly explanation.
36	Explanation Levels	<code>/explain-technical</code>	Uses accurate technical terminology.
37	Explanation Levels	<code>/explain-nontechnical</code>	Avoids jargon and technical language.
38	Explanation Levels	<code>/explain-teachback</code>	Explains and then checks understanding.
39	Explanation Levels	<code>/explain-faq</code>	Explains through common questions and answers.
40	Explanation Levels	<code>/explain-oneparagraph</code>	Explains the topic in one paragraph.
41	Summaries & Extraction	<code>/summary-tldr</code>	Produces the shortest useful summary.
42	Summaries & Extraction	<code>/summary-bullets</code>	Summarizes the content as bullet points.
43	Summaries & Extraction	<code>/summary-keypoints</code>	Extracts only the most important points.
44	Summaries & Extraction	<code>/summary-oneword</code>	Captures the central idea in one word.
45	Summaries & Extraction	<code>/summary-onesentence</code>	Summarizes the content in one sentence.
46	Summaries & Extraction	<code>/summary-executive</code>	Creates an executive-level summary.
47	Summaries & Extraction	<code>/summary-abstract</code>	Creates a structured abstract.
48	Summaries & Extraction	<code>/summary-takeaways</code>	Lists practical takeaways.
49	Summaries & Extraction	<code>/summary-actions</code>	Extracts action items and next steps.
50	Summaries & Extraction	<code>/summary-decisions</code>	Extracts decisions from the content.
51	Summaries & Extraction	<code>/summary-risks</code>	Extracts mentioned or implied risks.
52	Summaries & Extraction	<code>/summary-questions</code>	Extracts unanswered questions.
53	Summaries & Extraction	<code>/summary-quotes</code>	Pulls out notable short quotations.
54	Summaries & Extraction	<code>/summary-facts</code>	Extracts factual claims for review.
55	Summaries & Extraction	<code>/summary-numbers</code>	Extracts dates, quantities, and metrics.
56	Summaries & Extraction	<code>/summary-people</code>	Extracts names and stated roles.
57	Summaries & Extraction	<code>/summary-timeline</code>	Organizes events chronologically.
58	Summaries & Extraction	<code>/summary-themes</code>	Groups information into themes.
59	Summaries & Extraction	<code>/summary-keywords</code>	Extracts important keywords.
60	Summaries & Extraction	<code>/summary-outline</code>	Converts the content into an outline.
61	Formatting & Output	<code>/format-table</code>	Formats the answer as a readable table.
62	Formatting & Output	<code>/format-checklist</code>	Formats the answer as a checklist.

No.	Category	Short Code	What It Does
63	Formatting & Output	<code>/format-steps</code>	Formats the answer as numbered steps.
64	Formatting & Output	<code>/format-outline</code>	Formats the answer as a hierarchical outline.
65	Formatting & Output	<code>/format-json</code>	Returns valid JSON only.
66	Formatting & Output	<code>/format-yaml</code>	Returns clean YAML only.
67	Formatting & Output	<code>/format-csv</code>	Returns comma-separated values.
68	Formatting & Output	<code>/format-markdown</code>	Formats the answer in Markdown.
69	Formatting & Output	<code>/format-qa</code>	Formats the answer as questions and answers.
70	Formatting & Output	<code>/format-matrix</code>	Formats comparisons as a matrix.
71	Formatting & Output	<code>/format-cards</code>	Formats ideas as compact cards.
72	Formatting & Output	<code>/format-template</code>	Creates a reusable fill-in template.
73	Formatting & Output	<code>/format-report</code>	Formats the answer as a short report.
74	Formatting & Output	<code>/format-memo</code>	Formats the answer as a business memo.
75	Formatting & Output	<code>/format-brief</code>	Formats the answer as a concise brief.
76	Formatting & Output	<code>/format-script</code>	Formats the answer as a script.
77	Formatting & Output	<code>/format-thread</code>	Formats the answer as a social thread.
78	Formatting & Output	<code>/format-slides</code>	Formats the answer as slide titles and bullets.
79	Formatting & Output	<code>/format-email</code>	Formats the answer as an email.
80	Formatting & Output	<code>/format-plain</code>	Returns plain text without extra formatting.
81	Learning & Study	<code>/learn-quizme</code>	Creates quiz questions from the material.
82	Learning & Study	<code>/learn-flashcards</code>	Creates question-and-answer flashcards.
83	Learning & Study	<code>/learn-testme</code>	Tests understanding one question at a time.
84	Learning & Study	<code>/learn-socratic</code>	Teaches by asking guided questions.
85	Learning & Study	<code>/learn-feynman</code>	Explains simply to reveal knowledge gaps.
86	Learning & Study	<code>/learn-misconceptions</code>	Lists common misunderstandings.
87	Learning & Study	<code>/learn-lesson</code>	Turns the topic into a short lesson.
88	Learning & Study	<code>/learn-objectives</code>	Creates measurable learning objectives.
89	Learning & Study	<code>/learn-studyplan</code>	Creates a practical study plan.
90	Learning & Study	<code>/learn-revision</code>	Creates a focused revision schedule.
91	Learning & Study	<code>/learn-mnemonic</code>	Creates a memory aid.
92	Learning & Study	<code>/learn-practice</code>	Creates practice exercises.
93	Learning & Study	<code>/learn-worksheet</code>	Creates a structured worksheet.
94	Learning & Study	<code>/learn-rubric</code>	Creates an assessment rubric.
95	Learning & Study	<code>/learn-answerkey</code>	Creates answers with brief explanations.
96	Learning & Study	<code>/learn-conceptmap</code>	Creates a text-based concept map.
97	Learning & Study	<code>/learn-prerequisites</code>	Lists knowledge needed before learning.
98	Learning & Study	<code>/learn-difficulty</code>	Orders material from easy to difficult.
99	Learning & Study	<code>/learn-teachme</code>	Teaches the topic step by step.
100	Learning & Study	<code>/learn-recall</code>	Creates active-recall questions.

No.	Category	Short Code	What It Does
101	Brainstorming & Ideas	<code>/idea-ideas10</code>	Generates ten focused ideas.
102	Brainstorming & Ideas	<code>/idea-ideas25</code>	Generates twenty-five varied ideas.
103	Brainstorming & Ideas	<code>/idea-ideas100</code>	Generates a large batch of ideas.
104	Brainstorming & Ideas	<code>/idea-alt3</code>	Provides three distinct alternatives.
105	Brainstorming & Ideas	<code>/idea-hooks10</code>	Generates ten attention-grabbing hooks.
106	Brainstorming & Ideas	<code>/idea-titles20</code>	Generates twenty title options.
107	Brainstorming & Ideas	<code>/idea-names30</code>	Generates thirty naming ideas.
108	Brainstorming & Ideas	<code>/idea-angles</code>	Finds different angles for the topic.
109	Brainstorming & Ideas	<code>/idea-scamper</code>	Improves an idea using SCAMPER.
110	Brainstorming & Ideas	<code>/idea-remix</code>	Combines concepts into a new idea.
111	Brainstorming & Ideas	<code>/idea-wild</code>	Generates unconventional possibilities.
112	Brainstorming & Ideas	<code>/idea-practical</code>	Generates realistic, actionable ideas.
113	Brainstorming & Ideas	<code>/idea-lowcost</code>	Generates ideas with minimal cost.
114	Brainstorming & Ideas	<code>/idea-premium</code>	Generates high-end concept directions.
115	Brainstorming & Ideas	<code>/idea-niche</code>	Finds narrow and underserved ideas.
116	Brainstorming & Ideas	<code>/idea-trend</code>	Connects the topic with current-style trends.
117	Brainstorming & Ideas	<code>/idea-constraints</code>	Generates ideas within stated limits.
118	Brainstorming & Ideas	<code>/idea-rank</code>	Ranks ideas against clear criteria.
119	Brainstorming & Ideas	<code>/idea-cluster</code>	Groups ideas into themes.
120	Brainstorming & Ideas	<code>/idea-expand</code>	Develops a rough idea further.
121	Analysis & Critical Thinking	<code>/analyze-proscons</code>	Lists advantages and disadvantages.
122	Analysis & Critical Thinking	<code>/analyze-swot</code>	Creates a SWOT analysis.
123	Analysis & Critical Thinking	<code>/analyze-compare</code>	Compares options using consistent criteria.
124	Analysis & Critical Thinking	<code>/analyze-assumptions</code>	Identifies hidden assumptions.
125	Analysis & Critical Thinking	<code>/analyze-counter</code>	Generates a strong counterargument.
126	Analysis & Critical Thinking	<code>/analyze-debate</code>	Explores both sides fairly.
127	Analysis & Critical Thinking	<code>/analyze-steelman</code>	Builds the strongest opposing position.
128	Analysis & Critical Thinking	<code>/analyze-devilsadvocate</code>	Challenges the idea to expose weaknesses.
129	Analysis & Critical Thinking	<code>/analyze-riskmap</code>	Maps risks by likelihood and impact.
130	Analysis & Critical Thinking	<code>/analyze-secondorder</code>	Examines later consequences.
131	Analysis & Critical Thinking	<code>/analyze-redteam</code>	Stress-tests the idea for weaknesses.
132	Analysis & Critical Thinking	<code>/analyze-pareto</code>	Finds the few actions with greatest impact.
133	Analysis & Critical Thinking	<code>/analyze-rootcause</code>	Investigates likely root causes.
134	Analysis & Critical Thinking	<code>/analyze-fivewhys</code>	Applies the Five Whys method.
135	Analysis & Critical Thinking	<code>/analyze-biascheck</code>	Checks for reasoning and framing bias.
136	Analysis & Critical Thinking	<code>/analyze-evidence</code>	Separates claims from supporting evidence.
137	Analysis & Critical Thinking	<code>/analyze-gaps</code>	Identifies missing information.
138	Analysis & Critical Thinking	<code>/analyze-tradeoffs</code>	Explains key trade-offs.
139	Analysis & Critical Thinking	<code>/analyze-criteria</code>	Defines evaluation criteria.
140	Analysis & Critical Thinking	<code>/analyze-synthesis</code>	Combines insights into a coherent conclusion.
141	Decision Making	<code>/decide-matrix</code>	Creates a weighted decision matrix.
142	Decision Making	<code>/decide-score</code>	Scores options against criteria.

No.	Category	Short Code	What It Does
143	Decision Making	/decide-recommend	Provides a recommendation with reasons.
144	Decision Making	/decide-shortlist	Narrows options to the strongest choices.
145	Decision Making	/decide-musthave	Separates must-haves from nice-to-haves.
146	Decision Making	/decide-reversible	Classifies reversible and irreversible decisions.
147	Decision Making	/decide-preMortem	Imagines failure and identifies causes.
148	Decision Making	/decide-opportunitycost	Explains what each choice sacrifices.
149	Decision Making	/decide-scenario	Compares best, base, and worst cases.
150	Decision Making	/decide-confidence	States confidence and key uncertainties.
151	Decision Making	/decide-threshold	Defines conditions for making the choice.
152	Decision Making	/decide-priority	Prioritizes options by impact and effort.
153	Decision Making	/decide-quickwin	Finds quick wins with low effort.
154	Decision Making	/decide-stopstart	Suggests what to stop, start, and continue.
155	Decision Making	/decide-regret	Uses regret minimization to compare options.
156	Decision Making	/decide-constraints	Chooses within stated constraints.
157	Decision Making	/decide-stakeholders	Assesses effects on stakeholders.
158	Decision Making	/decide-values	Checks alignment with stated values.
159	Decision Making	/decide-nextstep	Identifies the immediate next action.
160	Decision Making	/decide-reviewdate	Defines when the decision should be reviewed.
161	Systems Thinking	/system-map	Maps actors, forces, and relationships.
162	Systems Thinking	/system-ooda	Uses observe, orient, decide, and act.
163	Systems Thinking	/system-deltr	Breaks down, evaluates, limits, transforms, and rebuilds.
164	Systems Thinking	/system-feedback	Identifies reinforcing and balancing loops.
165	Systems Thinking	/system-bottleneck	Finds the main limiting constraint.
166	Systems Thinking	/system-leverage	Identifies high-leverage intervention points.
167	Systems Thinking	/system-dependencies	Maps important dependencies.
168	Systems Thinking	/system-inputsoutputs	Defines system inputs, processes, and outputs.
169	Systems Thinking	/system-boundaries	Clarifies what is inside and outside the system.
170	Systems Thinking	/system-incentives	Maps incentives shaping behavior.
171	Systems Thinking	/system-secondorder	Explores indirect and delayed effects.
172	Systems Thinking	/system-fractal	Examines the issue across multiple scales.
173	Systems Thinking	/system-blackSwan	Considers rare, high-impact events.
174	Systems Thinking	/system-signalnoise	Separates useful signals from distractions.
175	Systems Thinking	/system-reverseengineer	Works backward to infer how the system functions.
176	Systems Thinking	/system-emergence	Looks for effects produced by interactions.
177	Systems Thinking	/system-resilience	Assesses the system's ability to

No.	Category	Short Code	What It Does
178	Systems Thinking	<code>/system-failurepoints</code>	recover. Identifies points where the system can break.
179	Systems Thinking	<code>/system-interventions</code>	Suggests targeted system interventions.
180	Systems Thinking	<code>/system-metaframe</code>	Examines how the problem is framed.
181	Research	<code>/research-questions</code>	Develops focused research questions.
182	Research	<code>/research-hypotheses</code>	Generates testable hypotheses.
183	Research	<code>/research-keywords</code>	Creates search keywords and synonyms.
184	Research	<code>/research-themes</code>	Suggests literature-review themes.
185	Research	<code>/research-methods</code>	Suggests suitable research methods.
186	Research	<code>/research-variables</code>	Identifies independent and dependent variables.
187	Research	<code>/research-survey</code>	Drafts neutral survey questions.
188	Research	<code>/research-interview</code>	Drafts open-ended interview questions.
189	Research	<code>/research-ethics</code>	Lists ethical considerations.
190	Research	<code>/research-limitations</code>	Identifies likely study limitations.
191	Research	<code>/research-gaps</code>	Identifies possible research gaps.
192	Research	<code>/research-abstract</code>	Drafts a structured abstract.
193	Research	<code>/research-evidenceTable</code>	Creates an evidence-summary table.
194	Research	<code>/research-sourcecheck</code>	Creates criteria for evaluating sources.
195	Research	<code>/research-claims</code>	Separates claims, evidence, and assumptions.
196	Research	<code>/research-citations</code>	Flags statements that need citations.
197	Research	<code>/research-coding</code>	Suggests qualitative coding categories.
198	Research	<code>/research-synthesis</code>	Synthesizes findings across sources.
199	Research	<code>/research-futurework</code>	Suggests future research directions.
200	Research	<code>/research-replication</code>	Outlines what is needed to replicate a study.
201	Data Analysis	<code>/data-clean</code>	Creates a data-cleaning checklist.
202	Data Analysis	<code>/data-profile</code>	Summarizes dataset structure and quality.
203	Data Analysis	<code>/data-metrics</code>	Recommends relevant metrics.
204	Data Analysis	<code>/data-trends</code>	Identifies patterns and trends.
205	Data Analysis	<code>/data-outliers</code>	Suggests ways to inspect outliers.
206	Data Analysis	<code>/data-segments</code>	Proposes useful segmentation.
207	Data Analysis	<code>/data-compare</code>	Compares groups using stated measures.
208	Data Analysis	<code>/data-correlation</code>	Explains how to assess relationships.
209	Data Analysis	<code>/data-distribution</code>	Describes how values are distributed.
210	Data Analysis	<code>/data-missing</code>	Plans treatment of missing values.
211	Data Analysis	<code>/data-validate</code>	Creates data-validation checks.
212	Data Analysis	<code>/data-chart</code>	Recommends suitable chart types.
213	Data Analysis	<code>/data-dashboard</code>	Plans a decision-focused dashboard.
214	Data Analysis	<code>/data-story</code>	Turns findings into a data narrative.
215	Data Analysis	<code>/data-insights</code>	Translates analysis into practical insights.
216	Data Analysis	<code>/data-forecast</code>	Outlines a forecasting approach.
217	Data Analysis	<code>/data-experiment</code>	Designs an A/B test.

No.	Category	Short Code	What It Does
218	Data Analysis	<code>/data-definitions</code>	Defines metrics consistently.
219	Data Analysis	<code>/data-summary</code>	Creates an executive data summary.
220	Data Analysis	<code>/data-recommend</code>	Creates evidence-based recommendations.
221	Coding	<code>/code-debug</code>	Finds likely bugs and explains fixes.
222	Coding	<code>/code-explain</code>	Explains code in plain language.
223	Coding	<code>/code-refactor</code>	Improves readability and maintainability.
224	Coding	<code>/code-optimize</code>	Suggests performance improvements.
225	Coding	<code>/code-test</code>	Writes focused unit-test cases.
226	Coding	<code>/code-edgecases</code>	Lists important edge cases.
227	Coding	<code>/code-comments</code>	Adds useful code comments.
228	Coding	<code>/code-docs</code>	Writes concise technical documentation.
229	Coding	<code>/code-pseudocode</code>	Converts the solution into pseudocode.
230	Coding	<code>/code-algorithm</code>	Suggests an efficient algorithm.
231	Coding	<code>/code-security</code>	Checks for common security risks.
232	Coding	<code>/code-accessibility</code>	Reviews UI code for accessibility.
233	Coding	<code>/code-errors</code>	Adds robust error handling.
234	Coding	<code>/code-types</code>	Improves type definitions and safety.
235	Coding	<code>/code-api</code>	Designs a simple API contract.
236	Coding	<code>/code-sql</code>	Writes or improves a SQL query.
237	Coding	<code>/code-regex</code>	Creates and explains a regular expression.
238	Coding	<code>/code-convert</code>	Converts code between languages.
239	Coding	<code>/code-review</code>	Performs a structured code review.
240	Coding	<code>/code-starter</code>	Creates a minimal project starter.
241	Web Development	<code>/web-html</code>	Creates semantic HTML for the requirement.
242	Web Development	<code>/web-css</code>	Creates responsive CSS for the design.
243	Web Development	<code>/web-javascript</code>	Creates clean JavaScript behavior.
244	Web Development	<code>/web-react</code>	Creates a reusable React component.
245	Web Development	<code>/web-angular</code>	Creates an Angular component structure.
246	Web Development	<code>/web-vue</code>	Creates a Vue component structure.
247	Web Development	<code>/web-responsive</code>	Improves layout across screen sizes.
248	Web Development	<code>/web-seo</code>	Adds on-page SEO improvements.
249	Web Development	<code>/web-a11y</code>	Improves web accessibility.
250	Web Development	<code>/web-performance</code>	Suggests web performance optimizations.
251	Web Development	<code>/web-form</code>	Creates an accessible form.
252	Web Development	<code>/web-nav</code>	Creates accessible navigation.
253	Web Development	<code>/web-modal</code>	Creates an accessible modal pattern.
254	Web Development	<code>/web-table</code>	Creates a responsive data table.
255	Web Development	<code>/web-darkmode</code>	Adds an accessible dark mode.
256	Web Development	<code>/web-offline</code>	Plans offline-first behavior.
257	Web Development	<code>/web-storage</code>	Suggests local data-storage options.
258	Web Development	<code>/web-validate</code>	Adds client-side validation.
259	Web Development	<code>/web-errors</code>	Creates helpful interface error states.

No.	Category	Short Code	What It Does
260	Web Development	<code>/web-audit</code>	Audits the page for common issues.
261	Accessibility	<code>/a11y-alttext</code>	Writes concise, meaningful alt text.
262	Accessibility	<code>/a11y-wcag</code>	Reviews content against common WCAG needs.
263	Accessibility	<code>/a11y-html</code>	Checks HTML accessibility.
264	Accessibility	<code>/a11y-aria</code>	Reviews ARIA usage for correctness.
265	Accessibility	<code>/a11y-keyboard</code>	Checks keyboard access and interactions.
266	Accessibility	<code>/a11y-focus</code>	Suggests a logical focus order.
267	Accessibility	<code>/a11y-contrast</code>	Explains color-contrast concerns.
268	Accessibility	<code>/a11y-headings</code>	Improves heading hierarchy.
269	Accessibility	<code>/a11y-links</code>	Improves link purpose and labels.
270	Accessibility	<code>/a11y-forms</code>	Improves labels, instructions, and errors.
271	Accessibility	<code>/a11y-tables</code>	Improves table headers and structure.
272	Accessibility	<code>/a11y-captions</code>	Creates captions from a transcript.
273	Accessibility	<code>/a11y-transcript</code>	Structures an accessible transcript.
274	Accessibility	<code>/a11y-plainlanguage</code>	Rewrites content in plain language.
275	Accessibility	<code>/a11y-screenreader</code>	Suggests screen-reader improvements.
276	Accessibility	<code>/a11y-mobile</code>	Checks mobile accessibility barriers.
277	Accessibility	<code>/a11y-document</code>	Creates an accessible-document checklist.
278	Accessibility	<code>/a11y-testing</code>	Creates an accessibility test plan.
279	Accessibility	<code>/a11y-statement</code>	Drafts an accessibility statement.
280	Accessibility	<code>/a11y-remediation</code>	Prioritizes accessibility fixes.
281	SEO	<code>/seo-keywords</code>	Generates keyword ideas.
282	SEO	<code>/seo-intent</code>	Classifies search intent.
283	SEO	<code>/seo-title</code>	Writes search-friendly title options.
284	SEO	<code>/seo-meta</code>	Writes a concise meta description.
285	SEO	<code>/seo-outline</code>	Creates a search-focused article outline.
286	SEO	<code>/seo-faq</code>	Creates useful topic FAQs.
287	SEO	<code>/seo-cluster</code>	Builds a topic cluster.
288	SEO	<code>/seo-longtail</code>	Generates long-tail keyword ideas.
289	SEO	<code>/seo-entities</code>	Lists related entities and concepts.
290	SEO	<code>/seo-slug</code>	Creates a clean URL slug.
291	SEO	<code>/seo-snippet</code>	Writes a featured-snippet style answer.
292	SEO	<code>/seo-internallinks</code>	Suggests internal-link opportunities.
293	SEO	<code>/seo-image</code>	Creates image filenames and alt text.
294	SEO	<code>/seo-schema</code>	Suggests relevant schema types.
295	SEO	<code>/seo-local</code>	Creates a local SEO plan.
296	SEO	<code>/seo-product</code>	Optimizes product-page content.
297	SEO	<code>/seo-audit</code>	Audits on-page SEO elements.
298	SEO	<code>/seo-gap</code>	Identifies content gaps.
299	SEO	<code>/seo-refresh</code>	Suggests updates for old content.
300	SEO	<code>/seo-brief</code>	Creates an SEO content brief.
301	Marketing	<code>/marketing-campaign</code>	Creates a campaign concept.
302	Marketing	<code>/marketing-audience</code>	Defines audience segments.

No.	Category	Short Code	What It Does
303	Marketing	/marketing-persona	Builds a customer persona.
304	Marketing	/marketing-positioning	Creates a positioning statement.
305	Marketing	/marketing-usp	Develops a unique selling proposition.
306	Marketing	/marketing-funnel	Designs a simple marketing funnel.
307	Marketing	/marketing-contentplan	Creates a content plan.
308	Marketing	/marketing-leadmagnet	Generates lead-magnet ideas.
309	Marketing	/marketing-cta	Creates calls to action.
310	Marketing	/marketing-adcopy	Writes concise advertising copy.
311	Marketing	/marketing-landing	Writes landing-page copy.
312	Marketing	/marketing-retention	Suggests customer-retention tactics.
313	Marketing	/marketing-referral	Designs a referral idea.
314	Marketing	/marketing-abtest	Suggests A/B tests.
315	Marketing	/marketing-metrics	Selects campaign metrics.
316	Marketing	/marketing-audit	Reviews a marketing plan.

404	Sales	/sales-followup	Writes a sales follow-up.
405	Sales	/sales-demo	Creates a demo agenda.
406	Sales	/sales-proposal	Outlines a sales proposal.
407	Sales	/sales-benefits	Turns features into benefits.
408	Sales	/sales-qualify	Creates qualification questions.
409	Sales	/sales-call	Writes a sales-call script.
410	Sales	/sales-close	Suggests respectful closing questions.
411	Sales	/sales-upsell	Creates an upsell message.
412	Sales	/sales-crosssell	Suggests related offers.
413	Sales	/sales-caseStudy	Writes a sales case study.
414	Sales	/sales-onePager	Creates a one-page sales sheet.
415	Sales	/sales-sequence	Creates an outreach sequence.
416	Sales	/sales-value	Builds a value narrative.
417	Sales	/sales-account	Creates an account plan.
418	Sales	/sales-pipeline	Defines pipeline stages.
419	Sales	/sales-winloss	Creates win-loss questions.
420	Sales	/sales-crm	Turns notes into a CRM summary.
421	Customer Service	/support-reply	Writes a helpful customer reply.
422	Customer Service	/support-complaint	Responds calmly to a complaint.
423	Customer Service	/support-refund	Explains a refund process clearly.
424	Customer Service	/support-delay	Apologizes for a delay and gives next steps.
425	Customer Service	/support-troubleshoot	Creates troubleshooting steps.
426	Customer Service	/support-clarify	Asks concise clarifying questions.
427	Customer Service	/support-escalate	Creates an escalation summary.
428	Customer Service	/support-empathy	Adds empathy to a response.
429	Customer Service	/support-helpArticle	Writes a knowledge-base article.
430	Customer Service	/support-chat	Creates a support chat script.
431	Customer Service	/support-close	Writes a friendly case closure.
432	Customer Service	/support-followup	Writes a case follow-up.
433	Customer Service	/support-policy	Explains a policy simply.
434	Customer Service	/support-boundary	Sets respectful service boundaries.
435	Customer Service	/support-survey	Creates satisfaction questions.
436	Customer Service	/support-triage	Classifies issue urgency.
437	Customer Service	/support-macro	Creates a reusable support reply.
438	Customer Service	/support-incident	Writes an incident update.
439	Customer Service	/support-feedback	Summarizes customer feedback.
440	Customer Service	/support-improve	Suggests service improvements.
441	Project Management	/project-charter	Creates a project charter.
442	Project Management	/project-scope	Defines scope and exclusions.

No.	Category	Short Code	What It Does
443	Project Management	/project-milestones	Creates milestone plan.
444	Project Management	/project-tasks	Breaks work into tasks.
445	Project Management	/project-risks	Creates a risk register.
446	Project Management	/project-stakeholders	Maps project stakeholders.
447	Project Management	/project-raci	Creates a RACI outline.
448	Project Management	/project-status	Writes a status update.
449	Project Management	/project-kickoff	Creates a kickoff agenda.
450	Project Management	/project-minutes	Turns notes into meeting minutes.
451	Project Management	/project-dependencies	Identifies dependencies.
452	Project Management	/project-timeline	Creates a project timeline.
453	Project Management	/project-change	Drafts a change request.
454	Project Management	/project-lessons	Creates lessons-learned questions.
455	Project Management	/project-quality	Creates a quality checklist.
456	Project Management	/project-comms	Creates a communication plan.
457	Project Management	/project-decisionlog	Creates a decision-log template.
458	Project Management	/project-issue-log	Creates an issue-log template.
459	Project Management	/project-retro	Creates retrospective questions.
460	Project Management	/project-closure	Creates a closure checklist.
461	Product Management	/product-vision	Writes a product vision.
462	Product Management	/product-problem	Defines the customer problem.
463	Product Management	/product-users	Identifies target user groups.
464	Product Management	/product-persona	Creates a product persona.
465	Product Management	/product-jobs	Maps jobs to be done.
466	Product Management	/product-requirements	Writes clear requirements.
467	Product Management	/product-stories	Creates user stories.
468	Product Management	/product-acceptance	Writes acceptance criteria.
469	Product Management	/product-mvp	Defines an MVP scope.
470	Product Management	/product-roadmap	Creates a product roadmap.
471	Product Management	/product-prioritize	Prioritizes features.
472	Product Management	/product-rice	Applies a RICE-style framework.
473	Product Management	/product-feedback	Organizes product feedback.
474	Product Management	/product-metrics	Selects product metrics.
475	Product Management	/product-experiment	Designs a product experiment.
476	Product Management	/product-launch	Creates a launch checklist.
477	Product Management	/product-onboarding	Plans user onboarding.
478	Product Management	/product-retention	Suggests retention improvements.
479	Product Management	/product-changelog	Writes release notes.
480	Product Management	/product-postmortem	Creates a product postmortem.
481	UX & UI Design	/ux-brief	Creates a design brief.
482	UX & UI Design	/ux-flow	Maps a user flow.
483	UX & UI Design	/ux-wireframe	Creates a text wireframe.
484	UX & UI Design	/ux-navigation	Designs information architecture.
485	UX & UI Design	/ux-heuristic	Performs a heuristic review.
486	UX & UI Design	/ux-usability	Creates a usability test plan.
487	UX & UI Design	/ux-interview	Creates user-interview questions.
488	UX & UI Design	/ux-persona	Creates a research-based persona template.

No.	Category	Short Code	What It Does
489	UX & UI Design	<code>/ux-journey</code>	Maps a user journey.

682	Translation & Language	<code>/language-formal</code>	Translates in a formal register.
683	Translation & Language	<code>/language-simple</code>	Translates using simple language.
684	Translation & Language	<code>/language-localize</code>	Adapts text for a region and audience.
685	Translation & Language	<code>/language-tone</code>	Preserves tone during translation.
686	Translation & Language	<code>/language-grammar</code>	Corrects grammar and explains changes.
687	Translation & Language	<code>/language-vocabulary</code>	Creates a topic vocabulary list.
688	Translation & Language	<code>/language-phrases</code>	Creates useful phrases for a situation.
689	Translation & Language	<code>/language-dialogue</code>	Creates a practice dialogue.
690	Translation & Language	<code>/language-pronounce</code>	Explains pronunciation simply.
691	Translation & Language	<code>/language-examples</code>	Uses a word in example sentences.
692	Translation & Language	<code>/language-synonyms</code>	Explains synonyms and nuances.
693	Translation & Language	<code>/language-difference</code>	Explains differences between terms.
694	Translation & Language	<code>/language-quiz</code>	Creates a language quiz.
695	Translation & Language	<code>/language-flashcards</code>	Creates bilingual flashcards.
696	Translation & Language	<code>/language-rewrite</code>	Rewrites text naturally in the target language.
697	Translation & Language	<code>/language-idioms</code>	Explains idioms with examples.
698	Translation & Language	<code>/language-practice</code>	Creates a language practice plan.
699	Translation & Language	<code>/language-feedback</code>	Corrects writing and explains errors.
700	Translation & Language	<code>/language-glossary</code>	Creates a bilingual glossary.
701	Finance Basics	<code>/finance-budget</code>	Creates a simple budget.
702	Finance Basics	<code>/finance-categories</code>	Suggests budget categories.
703	Finance Basics	<code>/finance-cashflow</code>	Creates a basic cash-flow view.
704	Finance Basics	<code>/finance-breakeven</code>	Explains a break-even calculation.
705	Finance Basics	<code>/finance-costs</code>	Classifies fixed and variable costs.
706	Finance Basics	<code>/finance-forecast</code>	Creates a basic forecast structure.
707	Finance Basics	<code>/finance-scenario</code>	Compares financial scenarios.
708	Finance Basics	<code>/finance-pricing</code>	Builds a pricing framework.
709	Finance Basics	<code>/finance-savings</code>	Creates a savings plan.
710	Finance Basics	<code>/finance-expenses</code>	Categorizes expenses.
711	Finance Basics	<code>/finance-invoice</code>	Creates an invoice template.
712	Finance Basics	<code>/finance-terms</code>	Explains a financial term simply.
713	Finance Basics	<code>/finance-unitEconomics</code>	Outlines unit economics.
714	Finance Basics	<code>/finance-margin</code>	Explains gross margin.
715	Finance Basics	<code>/finance-roi</code>	Creates an ROI template.
716	Finance Basics	<code>/finance-assumptions</code>	Lists financial assumptions.
717	Finance Basics	<code>/finance-questions</code>	Creates questions for a qualified adviser.
718	Finance Basics	<code>/finance-dashboard</code>	Suggests finance dashboard metrics.
719	Finance Basics	<code>/finance-report</code>	Summarizes financial figures neutrally.

No.	Category	Short Code	What It Does
720	Finance Basics	/finance-monthEnd	Creates a month-end checklist.
721	Operations	/ops-sop	Creates a standard operating procedure.
722	Operations	/ops-workflow	Maps an operational workflow.
723	Operations	/ops-checklist	Creates an operations checklist.
724	Operations	/ops-handoff	Defines a clear handoff process.
725	Operations	/ops-capacity	Outlines capacity-planning questions.
726	Operations	/ops-bottleneck	Identifies likely bottlenecks.
727	Operations	/ops-quality	Creates quality-control steps.
728	Operations	/ops-inventory	Creates an inventory checklist.
729	Operations	/ops-supplier	Creates supplier-evaluation criteria.
730	Operations	/ops-incident	Creates an incident-response outline.
731	Operations	/ops-continuity	Creates a continuity-planning checklist.
732	Operations	/ops-metrics	Suggests operational metrics.
733	Operations	/ops-dashboard	Plans an operations dashboard.
734	Operations	/ops-shift	Creates a shift-handover template.
735	Operations	/ops-audit	Creates an operational audit checklist.
736	Operations	/ops-improve	Suggests process improvements.
737	Operations	/ops-waste	Identifies common process waste.
738	Operations	/ops-standardize	Standardizes a recurring process.
739	Operations	/ops-escalation	Creates an escalation path.
740	Operations	/ops-review	Creates an operations review agenda.
741	Human Resources	/hr-jobDescription	Writes an inclusive job description.
742	Human Resources	/hr-interview	Creates structured interview questions.
743	Human Resources	/hr-onboarding	Creates an onboarding plan.
744	Human Resources	/hr-welcome	Writes a welcome message.
745	Human Resources	/hr-policy	Summarizes a workplace policy.
746	Human Resources	/hr-training	Creates a training outline.
747	Human Resources	/hr-survey	Creates an anonymous employee survey.
748	Human Resources	/hr-faq	Creates employee FAQs.
749	Human Resources	/hr-announcement	Writes an internal announcement.
750	Human Resources	/hr-offboarding	Creates an offboarding checklist.
751	Human Resources	/hr-framework	Outlines skills for role progression.
752	Human Resources	/hr-recognition	Writes a recognition message.
753	Human Resources	/hr-feedbackForm	Creates a neutral feedback form.
754	Human Resources	/hr-workshop	Creates a workplace workshop.
755	Human Resources	/hr-handbook	Drafts a handbook section.
756	Human Resources	/hr-benefits	Explains benefits in plain language.
757	Human Resources	/hr-roleProfile	Creates a role profile.
758	Human Resources	/hr-hiringPlan	Creates a hiring-plan template.
759	Human Resources	/hr-orientation	Creates an orientation agenda.
760	Human Resources	/hr-memo	Writes an internal HR memo.
761	Training & Facilitation	/training-needs	Creates a training-needs checklist.
762	Training & Facilitation	/training-objectives	Writes learning objectives.
763	Training & Facilitation	/training-agenda	Creates a session agenda.
764	Training & Facilitation	/training-lesson	Creates a lesson plan.

No.	Category	Short Code	What It Does
765	Training & Facilitation	/training-activity	Designs an interactive activity.
766	Training & Facilitation	/training-icebreaker	Suggests an inclusive icebreaker.
767	Training & Facilitation	/training-case	Creates a training case study.
768	Training & Facilitation	/training-roleplay	Creates a role-play scenario.
769	Training & Facilitation	/training-quiz	Creates a knowledge quiz.
770	Training & Facilitation	/training-worksheet	Creates a participant worksheet.
771	Training & Facilitation	/training-facilitator	Writes facilitator notes.
772	Training & Facilitation	/training-timing	Allocates session timing.
773	Training & Facilitation	/training-virtual	Adapts a session for virtual delivery.
774	Training & Facilitation	/training-assessment	Creates an assessment plan.
775	Training & Facilitation	/training-feedback	Creates a session feedback form.
776	Training & Facilitation	/training-followup	Creates post-training follow-up.
777	Training & Facilitation	/training-jobAid	Creates a concise job aid.
778	Training & Facilitation	/training-microlearning	Creates a microlearning lesson.
779	Training & Facilitation	/training-accessibility	Checks training accessibility.
780	Training & Facilitation	/training-evaluation	Creates an evaluation framework.
781	Legal & Policy Drafting	/policy-outline	Creates a policy outline.
782	Legal & Policy Drafting	/policy-plainLanguage	Rewrites policy text plainly.
783	Legal & Policy Drafting	/policy-definitions	Creates a definitions section.
784	Legal & Policy Drafting	/policy-scope	Clarifies policy scope.
785	Legal & Policy Drafting	/policy-roles	Lists stated roles and responsibilities.
786	Legal & Policy Drafting	/policy-requirements	Extracts mandatory requirements.
787	Legal & Policy Drafting	/policy-exceptions	Organizes policy exceptions.
788	Legal & Policy Drafting	/policy-procedure	Structures a related procedure.
789	Legal & Policy Drafting	/policy-checklist	Creates a compliance checklist.
790	Legal & Policy Drafting	/policy-compare	Compares two policy drafts.
791	Legal & Policy Drafting	/policy-gaps	Flags missing policy sections.
792	Legal & Policy Drafting	/policy-ambiguity	Flags ambiguous wording.
793	Legal & Policy Drafting	/policy-consistency	Checks terminology consistency.
794	Legal & Policy Drafting	/policy-summary	Creates a non-legal summary.
795	Legal & Policy Drafting	/policy-faq	Creates policy FAQs.
796	Legal & Policy Drafting	/policy-notice	Drafts a general notice.
797	Legal & Policy Drafting	/policy-consent	Creates a consent-form outline.
798	Legal & Policy Drafting	/policy-retention	Creates a records-retention outline.
799	Legal & Policy Drafting	/policy-review	Creates policy-review questions.
800	Legal & Policy Drafting	/policy-disclaimer	Drafts a general informational disclaimer.
801	Cybersecurity Awareness	/security-awareness	Creates awareness training points.
802	Cybersecurity Awareness	/security-phishing	Creates phishing-awareness examples.
803	Cybersecurity Awareness	/security-passwords	Creates password-safety guidance.
804	Cybersecurity Awareness	/security-mfa	Explains multi-factor authentication.
805	Cybersecurity Awareness	/security-privacy	Creates privacy-protection tips.
806	Cybersecurity Awareness	/security-incident	Creates an incident-reporting checklist.
807	Cybersecurity Awareness	/security-risk	Creates a basic risk checklist.
808	Cybersecurity Awareness	/security-vendor	Creates vendor-security questions.
809	Cybersecurity Awareness	/security-data	Creates data-handling reminders.
810	Cybersecurity Awareness	/security-remote	Creates remote-work security tips.

No.	Category	Short Code	What It Does
811	Cybersecurity Awareness	/security-mobile	Creates mobile-device safety tips.
812	Cybersecurity Awareness	/security-social	Explains social-engineering warning signs.
813	Cybersecurity Awareness	/security-backup	Creates backup-planning questions.
814	Cybersecurity Awareness	/security-access	Creates access-review questions.
815	Cybersecurity Awareness	/security-patch	Creates patch-management reminders.
816	Cybersecurity Awareness	/security-policy	Summarizes a security policy plainly.
817	Cybersecurity Awareness	/security-quiz	Creates a security-awareness quiz.
818	Cybersecurity Awareness	/security-scenario	Creates a safe training scenario.
819	Cybersecurity Awareness	/security-checklist	Creates a security hygiene checklist.
820	Cybersecurity Awareness	/security-communication	Writes a security awareness message.
821	Healthcare Communication	/health-plainLanguage	Rewrites health information in plain language.
822	Healthcare Communication	/health-summary	Summarizes provided clinical information.
823	Healthcare Communication	/health-questions	Creates questions to ask a clinician.
824	Healthcare Communication	/health-instructions	Clarifies provided care instructions.
825	Healthcare Communication	/health-medList	Organizes a provided medication list.
826	Healthcare Communication	/health-appointment	Creates an appointment-preparation checklist.
827	Healthcare Communication	/health-symptomLog	Creates a symptom-log template.
828	Healthcare Communication	/health-caregiver	Creates a caregiver information checklist.
829	Healthcare Communication	/health-discharge	Simplifies provided discharge information.
830	Healthcare Communication	/health-accessibility	Improves accessibility of health content.
831	Healthcare Communication	/health-translation	Translates provided health text carefully.
832	Healthcare Communication	/health-faq	Creates FAQs from supplied health material.
833	Healthcare Communication	/health-teachback	Creates teach-back questions.
834	Healthcare Communication	/health-timeline	Organizes provided health events chronologically.
835	Healthcare Communication	/health-terms	Explains a supplied medical term simply.
836	Healthcare Communication	/health-compare	Organizes provided options for discussion.
837	Healthcare Communication	/health-notes	Structures appointment notes.
838	Healthcare Communication	/health-reminder	Writes a neutral health reminder.
839	Healthcare Communication	/health-handout	Creates a patient handout from provided content.
840	Healthcare Communication	/health-disclaimer	Adds a concise seek-professional-care reminder.
841	Travel Planning	/travel-itinerary	Creates a day-by-day itinerary.
842	Travel Planning	/travel-budget	Creates a travel budget template.
843	Travel Planning	/travel-packing	Creates a packing checklist.
844	Travel Planning	/travel-route	Organizes a multi-stop route.
845	Travel Planning	/travel-family	Adapts a plan for families.
846	Travel Planning	/travel-accessible	Adds accessibility considerations.
847	Travel Planning	/travel-business	Creates a business-trip checklist.

No.	Category	Short Code	What It Does
848	Travel Planning	/travel-weekend	Creates a compact weekend plan.
849	Travel Planning	/travel-food	Creates a local-food exploration plan.
850	Travel Planning	/travel-culture	Creates a cultural etiquette checklist.
851	Travel Planning	/travel-weather	Creates a weather-aware packing plan.
852	Travel Planning	/travel-documents	Creates a travel-document checklist.
853	Travel Planning	/travel-airport	Creates an airport-day checklist.
854	Travel Planning	/travel-hotel	Creates hotel-selection criteria.
855	Travel Planning	/travel-transport	Compares transport options.
856	Travel Planning	/travel-safety	Creates general travel-safety reminders.
857	Travel Planning	/travel-language	Creates useful travel phrases.
858	Travel Planning	/travel-journal	Creates travel-journal prompts.
859	Travel Planning	/travel-photo	Creates a travel photo-shot list.
860	Travel Planning	/travel-review	Creates a trip-review template.
861	Events	/event-concept	Creates an event concept.
862	Events	/event-objectives	Defines event objectives.
863	Events	/event-agenda	Creates an event agenda.
864	Events	/event-runSheet	Creates a run-of-show.
865	Events	/event-budget	Creates an event-budget template.
866	Events	/event-venue	Creates venue-selection criteria.
867	Events	/event-vendors	Creates a vendor checklist.
868	Events	/event-speakers	Creates a speaker brief.
869	Events	/event-invite	Writes an invitation.
870	Events	/event-registration	Creates registration questions.
871	Events	/event-promotion	Creates an event-promotion plan.
872	Events	/event-social	Creates event social posts.
873	Events	/event-accessibility	Creates an accessible-event checklist.
874	Events	/event-risk	Creates an event-risk checklist.
875	Events	/event-volunteers	Creates a volunteer briefing.
876	Events	/event-signage	Plans event signage content.
877	Events	/event-feedback	Creates an attendee survey.
878	Events	/event-followup	Writes a post-event follow-up.
879	Events	/event-report	Creates a post-event report outline.
880	Events	/event-lessons	Creates lessons-learned questions.
881	Community & Nonprofit	/community-mission	Writes a mission statement.
882	Community & Nonprofit	/community-program	Creates a program concept.
883	Community & Nonprofit	/community-needs	Creates a community-needs survey.
884	Community & Nonprofit	/community-stakeholders	Maps community stakeholders.
885	Community & Nonprofit	/community-volunteer	Creates a volunteer role description.
886	Community & Nonprofit	/community-fundraising	Generates fundraising ideas.
887	Community & Nonprofit	/community-donor	Writes a donor update.
888	Community & Nonprofit	/community-grant	Creates a grant-proposal outline.
889	Community & Nonprofit	/community-impact	Creates an impact-report structure.
890	Community & Nonprofit	/community-story	Writes an ethical impact story.
891	Community & Nonprofit	/community-campaign	Creates an awareness campaign.
892	Community & Nonprofit	/community-event	Plans a community event.
893	Community & Nonprofit	/community-partnership	Suggests partnership ideas.

No.	Category	Short Code	What It Does
894	Community & Nonprofit	<code>/community-outreach</code>	Creates an outreach message.
895	Community & Nonprofit	<code>/community-newsletter</code>	Writes a community newsletter.
896	Community & Nonprofit	<code>/community-feedback</code>	Creates beneficiary feedback questions.
897	Community & Nonprofit	<code>/community-accessibility</code>	Checks program accessibility.
898	Community & Nonprofit	<code>/community-inclusion</code>	Creates inclusive participation ideas.
899	Community & Nonprofit	<code>/community-metrics</code>	Suggests program metrics.
900	Community & Nonprofit	<code>/community-sustainability</code>	Creates a sustainability plan outline.
901	Real Estate Content	<code>/property-listing</code>	Writes a property-listing draft from facts.
902	Real Estate Content	<code>/property-headline</code>	Creates property headline options.
903	Real Estate Content	<code>/property-features</code>	Turns property facts into feature bullets.
904	Real Estate Content	<code>/property-neighborhood</code>	Structures a neighborhood overview.
905	Real Estate Content	<code>/property-social</code>	Creates property social posts.
906	Real Estate Content	<code>/property-email</code>	Writes a property inquiry email.
907	Real Estate Content	<code>/property-openHouse</code>	Creates an open-house checklist.
908	Real Estate Content	<code>/property-viewing</code>	Creates viewing questions.
909	Real Estate Content	<code>/property-comparison</code>	Creates a property comparison table.
910	Real Estate Content	<code>/property-buyerGuide</code>	Creates a buyer-guide outline.
911	Real Estate Content	<code>/property-sellerGuide</code>	Creates a seller-guide outline.
912	Real Estate Content	<code>/property-rental</code>	Writes a rental listing from supplied facts.
913	Real Estate Content	<code>/property-faq</code>	Creates property FAQs.
914	Real Estate Content	<code>/property-brochure</code>	Creates brochure copy.
915	Real Estate Content	<code>/property-video</code>	Creates a property-tour script.
916	Real Estate Content	<code>/property-photo</code>	Creates a photo-shot checklist.
917	Real Estate Content	<code>/property-followup</code>	Writes a viewing follow-up.
918	Real Estate Content	<code>/property-maintenance</code>	Creates a maintenance checklist.
919	Real Estate Content	<code>/property-moveIn</code>	Creates a move-in checklist.
920	Real Estate Content	<code>/property-disclaimer</code>	Adds a verify-details disclaimer.
921	Food & Recipes	<code>/food-recipe</code>	Creates a recipe from listed ingredients.
922	Food & Recipes	<code>/food-mealPlan</code>	Creates a simple meal plan.
923	Food & Recipes	<code>/food-shopping</code>	Creates a shopping list.
924	Food & Recipes	<code>/food-substitute</code>	Suggests ingredient substitutions.
925	Food & Recipes	<code>/food-scale</code>	Scales ingredient quantities.
926	Food & Recipes	<code>/food-vegetarian</code>	Adapts a recipe to vegetarian needs.
927	Food & Recipes	<code>/food-vegan</code>	Adapts a recipe to vegan needs.
928	Food & Recipes	<code>/food-glutenFree</code>	Suggests gluten-free adaptations.
929	Food & Recipes	<code>/food-quick</code>	Creates a quick-meal idea.
930	Food & Recipes	<code>/food-budget</code>	Creates budget-friendly meal ideas.
931	Food & Recipes	<code>/food-leftovers</code>	Suggests uses for leftovers.
932	Food & Recipes	<code>/food-batch</code>	Creates a batch-cooking plan.
933	Food & Recipes	<code>/food-menu</code>	Creates a menu for an occasion.
934	Food & Recipes	<code>/food-plating</code>	Suggests plating ideas.
935	Food & Recipes	<code>/food-description</code>	Writes a menu-item description.
936	Food & Recipes	<code>/food-nutritionQuestions</code>	Creates nutrition questions for a professional.
937	Food & Recipes	<code>/food-allergen</code>	Creates an allergen-check checklist.

No.	Category	Short Code	What It Does
938	Food & Recipes	/food-storage	Creates food-storage reminders.
939	Food & Recipes	/food-timing	Creates a cooking timeline.
940	Food & Recipes	/food-review	Creates a recipe-review template.
941	Personal Development	/growth-goal	Turns a goal into a plan.
942	Personal Development	/growth-habit	Creates a habit-building plan.
943	Personal Development	/growth-reflection	Creates reflection questions.
944	Personal Development	/growth-strengths	Identifies strengths from examples.
945	Personal Development	/growth-learning	Creates a learning path.
946	Personal Development	/growth-confidence	Creates confidence-building exercises.
947	Personal Development	/growth-communication	Suggests communication practice.
948	Personal Development	/growth-decision	Structures a personal decision.
949	Personal Development	/growth-journal	Creates journal prompts.
950	Personal Development	/growth-routine	Designs a balanced routine.
951	Personal Development	/growth-monthlyReview	Creates a monthly review.
952	Personal Development	/growth-accountability	Creates an accountability checklist.
953	Personal Development	/growth-focus	Creates a distraction-reduction plan.
954	Personal Development	/growth-reading	Creates a reading plan.
955	Personal Development	/growth-practice	Designs deliberate practice.
956	Personal Development	/growth-milestones	Defines progress milestones.
957	Personal Development	/growth-obstacles	Plans responses to obstacles.
958	Personal Development	/growth-motivation	Creates a practical motivation plan.
959	Personal Development	/growth-values	Creates values-clarification questions.
960	Personal Development	/growth-tracker	Creates a progress tracker.
961	Prompt Engineering	/prompt-improve	Improves a rough prompt for precision.
962	Prompt Engineering	/prompt-role	Adds a useful expert role.
963	Prompt Engineering	/prompt-context	Adds necessary context fields.
964	Prompt Engineering	/prompt-constraints	Adds clear constraints.
965	Prompt Engineering	/prompt-format	Defines an exact output format.
966	Prompt Engineering	/prompt-audience	Targets a specific audience.
967	Prompt Engineering	/prompt-tone	Defines the desired tone.
968	Prompt Engineering	/prompt-examples	Adds examples to guide the output.
969	Prompt Engineering	/prompt-criteria	Adds quality criteria.
970	Prompt Engineering	/prompt-questions	Finds missing prompt information.
971	Prompt Engineering	/prompt-template	Creates a reusable prompt template.
972	Prompt Engineering	/prompt-variants	Creates three prompt variants.
973	Prompt Engineering	/prompt-negative	Adds what the output should avoid.
974	Prompt Engineering	/prompt-iterate	Improves a prompt using feedback.
975	Prompt Engineering	/prompt-evaluate	Creates a prompt-evaluation checklist.
976	Prompt Engineering	/prompt-chain	Breaks a complex request into stages.
977	Prompt Engineering	/prompt-compress	Shortens a prompt without losing intent.
978	Prompt Engineering	/prompt-expand	Adds useful specificity.
979	Prompt Engineering	/prompt-autoprompt	Turns a rough request into a polished prompt.
980	Prompt Engineering	/prompt-systemize	Converts instructions into a repeatable workflow.
981	Utility Commands	/utility-convert	Converts content between formats.
982	Utility Commands	/utility-translate	Translates supplied text.

No.	Category	Short Code	What It Does
983	Utility Commands	/utility-tonechange	Changes the writing tone.
984	Utility Commands	/utility-examples	Adds practical examples.
985	Utility Commands	/utility-usecases	Lists practical applications.
986	Utility Commands	/utility-breakdown	Splits a complex topic into parts.
987	Utility Commands	/utility-stepbystep	Creates a sequential process.
988	Utility Commands	/utility-insights	Extracts notable observations.
989	Utility Commands	/utility-clarify	Makes unclear language precise.
990	Utility Commands	/utility-expandideas	Develops rough ideas.
991	Utility Commands	/utility-compress	Shrinks content while keeping meaning.
992	Utility Commands	/utility-reframe	Presents the idea from another angle.
993	Utility Commands	/utility-coach	Responds as a supportive coach.
994	Utility Commands	/utility-critique	Reviews and suggests improvements.
995	Utility Commands	/utility-improvehooks	Strengthens content hooks.
996	Utility Commands	/utility-systemrewrite	Rewrites content into a structured system.
997	Utility Commands	/utility-autoprompt	Creates a stronger prompt from a request.
998	Utility Commands	/utility-simulate	Simulates a safe scenario.
999	Utility Commands	/utility-predict	Outlines possible outcomes with uncertainty.
1000	Utility Commands	/utility-reverse	Works backward from a desired outcome.
